Notes about this form

To grant you permission to put up a memorial, the Council needs evidence of ownership of the burial rights to the grave. This could be a photocopy of the *Grant of Exclusive Right to Burial* or the date of that document and purchaser's details.

If the owner is deceased or not traced, the executor (or next-of-kin or person acting for the owner) must sign section 1 of this form.

The Council's fee is payable in advance. The Council's website has details of fees.

The Parish Clerk will issue you with a *Grant of Right to Erect and Maintain a Memorial*. To allow ground settlement, you may only erect a memorial six months after the interment.

For your peace of mind and protection, the Council requires you to:

- Use only masons listed in the *British Register of Accredited Memorial Masons* (BRAMM) or in the *Register of Qualified Memorial Fixers* kept by the National Association of Memorial Masons
- Erect the memorial to the current British Standard 8415
- Obtain a *Certificate of Compliance* from the mason in respect of the work

Masons are legally liable for their work for 6 years after memorial installation.

Your mason is responsible for placing the memorial on the correct grave, to the required standards and that the ground is reinstated properly.

The Council permits only a memorial at the head of the grave. The maximum dimensions allowed are:

- | | | |

- The name of the mason may be inscribed in a discrete location on the memorial
